

Dietary Restrictions

Group Name: _____ **Event Date:** _____

Information on Geneva's Special Diet Service:

Our meals are Chef's choice, served buffet style with several options to choose from.

Please note all guests requiring special diets including allergies, intolerances or diets (i.e. lactose intolerant, nut allergies, gluten free, etc.) so that we can plan accordingly. If you need additional space, please feel free to send a separate list of dietary concerns. We are able to accommodate the 9 major allergens, as well as diets like vegetarian and vegan.

Guests who have provided us their dietary restrictions in advance are asked to identify themselves with our Food Service staff when going through the serving line. Special diet accommodations are not displayed on the food line as we do with our standard menu.

Our Dining Services Department will contact guests if there are any questions regarding specific requests. If you or a guest wish to discuss this information in more detail, please call Geneva Camp & Retreat Center at (616) 399-3150 and ask to be forwarded to the Dining Services Director.

We look forward to serving you!
