

## Special Dietary Requests

*(Due 2 weeks prior to your retreat)*

Retreat Group: \_\_\_\_\_ Retreat Date: \_\_\_\_\_

Our Chef's choice, buffet style meals are served with several healthy and enjoyable options to choose from. We recognize, however, that some guests have dietary restrictions that limit what they're able to consume. To ensure all guests have an enjoyable experience, we ask that you provide the requested information below for members of your group with dietary restrictions (i.e. lactose intolerant, nut allergies, gluten free, etc.). If you need additional space, please feel free to send a separate list of dietary concerns. We look forward to serving you and your guests through meeting your group's dietary needs during your time at GENEVA Camp & Retreat Center.

When coming through the line for meals, please have the members of your group that you have listed below identify themselves to our Dining Services Team to ensure their specific dietary needs are met.

Our Dining Services Department will contact guests if there are any questions regarding specific requests. If you or a guest wish to discuss this information in more detail, please call GENEVA Camp & Retreat Center at (616) 399-3150 and ask to be connected to our Dining Services Director.
