

## **Payment Plans and Credit Card Surcharges**

For the 2025 Summer Camp season, the payment plan option will look different than it has in the past. If you choose not to pay in full at registration, your option will be to pay half of your balance at registration, and the remaining half one month later. There will not be a \$15.00 per camper flat fee for using a payment plan.

For all camper parents completing payment with a credit or debit card, there will be a 1.25% credit card surcharge. To avoid the credit card surcharge, you have the option to pay by check.

For scholarship applicants, a deposit will not be required at the time of registration—an invoice will be sent once the scholarship is awarded.

## **Texting Updates**

An exciting update from our summer camp software will allow us to send information to camper parents via text. This feature will be used for waitlist offers and important updates before or during your child's time at camp. Parents will need to opt into this service – stay tuned for updates.

Sincerely,

The GENEVA Staff
