

Fill-a-Cabin Policies

- **Day Camp** Fill-a-Groups must have **8 campers**.
- **Shores** Fill-a-Cabins must have **10 campers**.
- **Pines** Fill-a-Cabins need to have **8-10 campers**.
- Shores and Pines Fill-a-Cabins must be same gender, Day Camp can be mixed gender.
- Campers should be in the same grade, or one grade apart.
- Each group should only have one coordinator that completes a fill-a-cabin code registration form.
- If a member of the group cancels but leaves adequate time to fill a spot, coordinators are allowed to fill the spot with a new camper.
- If a group does not have the minimum number of required campers, we will pair off the campers into adjacent cabins by 1s and 2s.
- If the number of campers in a group exceeds 8 for Day Camp or 10 for Shores/Pines, the additional campers will be put in adjacent cabins to the completed Fill-a-Cabin.
- Spots in the session will be held for Fill-a-Cabin group members. The early registration period for Fill-a-Cabin campers will be between 9am on December 12th through 4pm on December 15th.
 - If a member of the group fails to complete their registration during this period, they will need to register during public registration in January, once registration is open to the public. If this occurs, **it is possible that a fill-a-cabin member can end up on the waitlist.**
